

WHAT'S IN THE

e12

DIGITAL PLATFORM

CONTENT MODULE?

LECTURE VIDEOS

- The content topics and sub-topics of each course will be easily learnt with our experienced and phenomenal teachers who are experts in their fields.

LECTURE DOCUMENTS

- The course documents will be at your disposal at any time you want to learn or revise a topic and solve the related questions.

QUESTION BANK

- You will be familiar with all question types with our question bank consisting of more than 300,000 multiple-choice, open-ended, and short-answer questions.
- Through the questions which are categorized according to their difficulty level, you will be able to reinforce the topics starting from the most basic questions and complete the learning process with intermediate level questions and, if you wish, you will be able to master the topics with advanced level questions.
- You will be able to complete your learning process with questions at different cognitive levels, such as knowledge, practice, reasoning, etc.
- By selecting questions from the question bank, you will be able to create instructional materials such as tests, practice exams, and print out these materials.

QUESTION AND SOLUTION VIDEOS

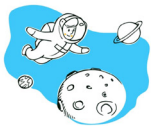

- Recorded by our expert teachers, you will be able to access video solutions to thousands of questions in the question bank. This way you will be able to see the solutions to the questions you couldn't answer and, if you wish, you will be able to learn different solutions.

LIVE LESSONS

- With multi-participation live lessons, you will also be able to listen to the topics from our phenomenal teachers; and this way you will be able to do revisions before written exams. You will also receive easy tips on important topics for each subject.
- We did not forget our little students! Our kindergarten students will have fun at story time and the first-grade students will be supported by our expert school counsellors in different areas including school adaptation, literacy, social, and emotional development during the counselling hours.

Welcome 🖐️

Talkinn is always there to improve your English skills.

Go to your activities

Complete the dialogues and improve your English skills.

EDU TALKINN APP

- Edu Talkinn will put a stop to "I understand but cannot speak".
- Edu Talkinn is a language learning platform that offers a fun and interactive way to learn English through speaking and reading.
- Speaking and writing are productive language skills which are supported by reading and listening. Edu Talkinn app is designed to meet these needs of English language learners.
- Students who practice the exercises created in accordance with the Common European Framework of Reference (CEFR) language level definitions and national and international curricula will be able to:
 - express themselves comfortably in environments and situations that require the use of English.
 - increase their language proficiency through reading comprehension exercises.
 - be prepared for international language exams such as Cambridge English Qualifications, Cambridge IGCSE, TOEFL and IELTS.
